Summary

Highly skilled and experienced Front-End Developer with expertise in HTML, CSS, JavaScript, TypeScript, React and Next.js. Proven record of accomplishment of delivering responsive, user-friendly web applications that meet business objectives.

Work Experience

Front End Developer, Simaat

Sheikh Zayed, Egypt (Remotely), Nov 2022 – Present

- Develop new user-facing features using Next.js to create dynamic and engaging web applications.
- Build reusable components and front-end libraries for future use, ensuring consistency and efficiency across projects.
- Translate designs and wireframes into high-quality code, paying attention to detail and user experience.
- Optimized components for maximum performance across a vast array of web-capable devices and browsers, utilizing best practices and tools to ensure compatibility and speed.
- Participate in code reviews and provide constructive feedback to improve the codebase and maintain best practices.
- Worked in an agile development environment, prioritizing tasks, and meeting project deadlines.
- Integrated a real-time WebSocket using PusherJS for all changes immediately.
- Setup up CI/CD pipelines in GitHub actions and cPanel build process in different environments

Front End Developer, Flowtechtics

Alexandria, Egypt (on-site), Oct 2021 - Nov 2022

- Implement with a React and Redux/Toolkit environment on a major enterprise product from scratch to production.
- Build efficient, high-performance, modular, reusable front-end UI components.
- Implement custom hooks and developing new user-facing features using React.js
- Created and developed responsive and user-friendly dashboards for both applications, enabling easy navigation and data visualization.

Technical Skills:

- Programming languages: JavaScript (ES6), TypeScript, HTML, CSS, SASS.
- Front-end frameworks and libraries: React, Next.js, Redux, Redux/toolkit, Bootstrap, Material UI, Tailwind CSS, Pusher.js, Firebase, WebSocket.
- Back-end frameworks: Node.js, Express.js.
- Build tools: Webpack, Babel.
- Version control: Git.
- Testing frameworks: Jest, Enzyme, Testing-Library React.

Education

Bachelor of law (L.L.B)
Alexandria University, Alexandria, Egypt, Oct 2013 - May 2019
